Frontend, C++, cybersec.*

**Soldatov Vyacheslav**

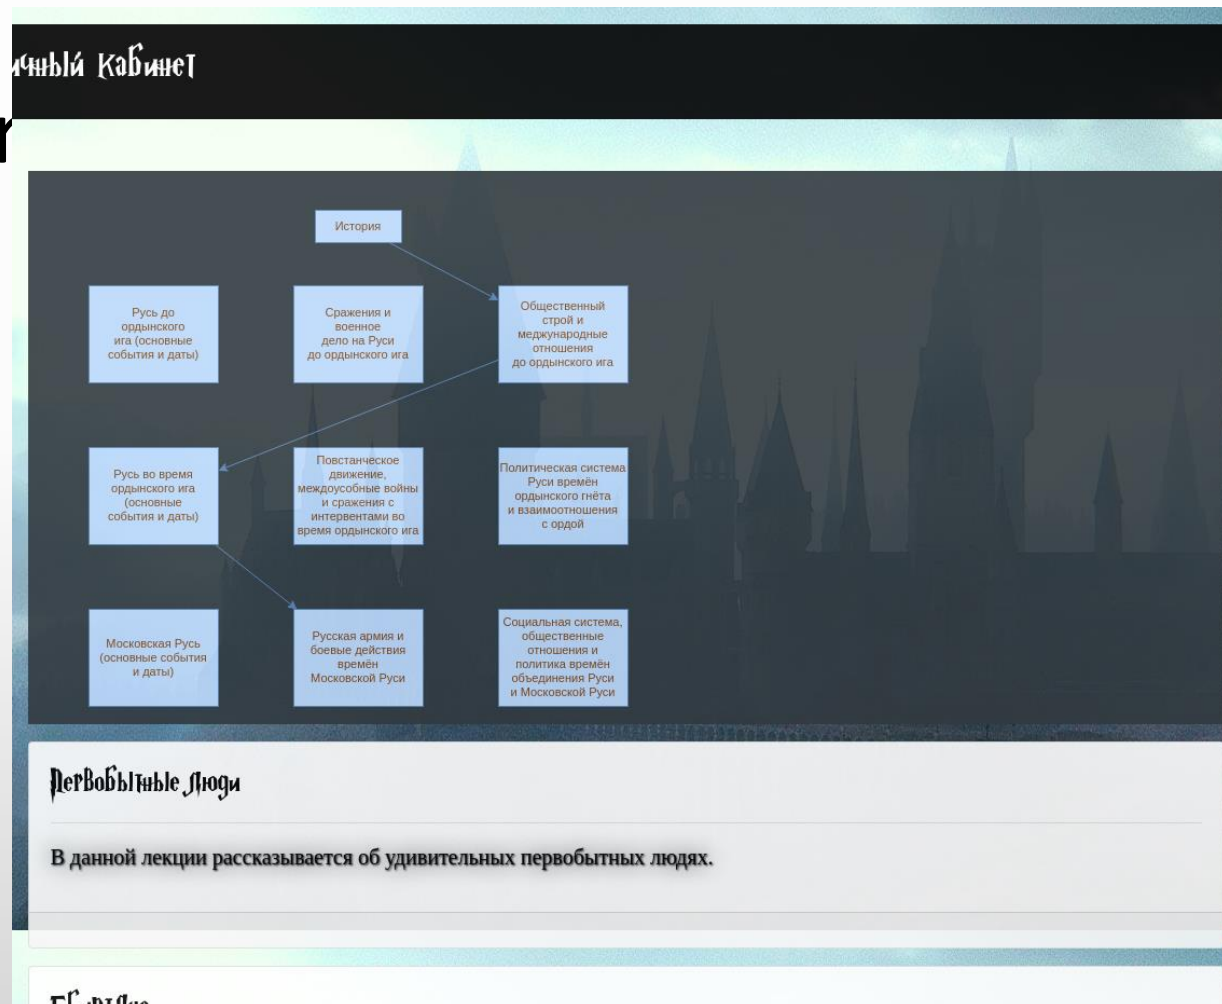

*Frontend, Backend*

# PROJECT GOALS

- Adaptive educational track
- Individual and team motivation, competitive spirit
- Gamification
- Automation of tutor's work
- Cute place, where want to return again and again

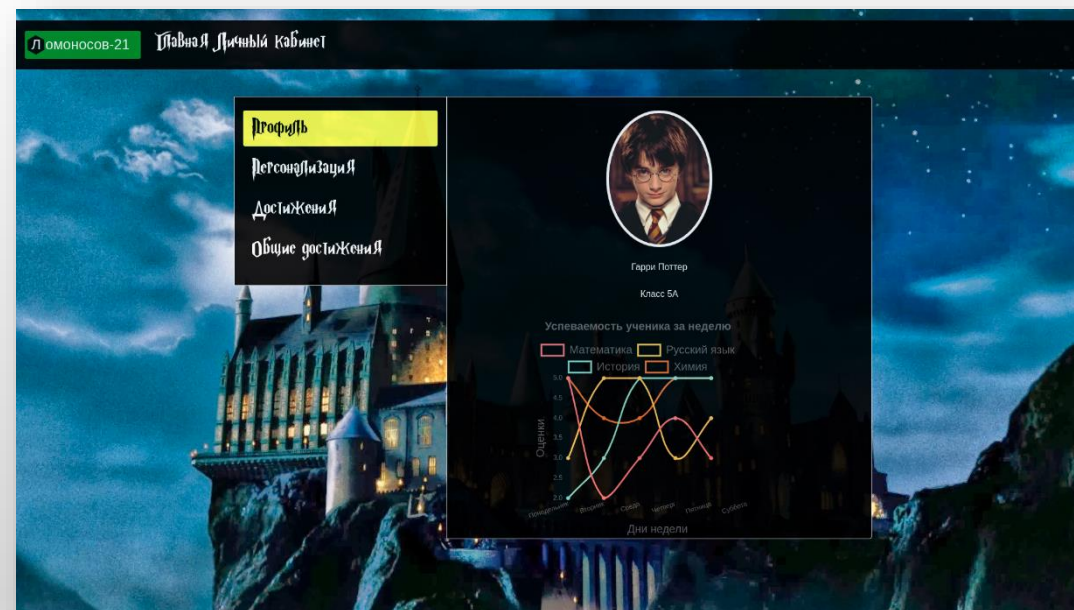

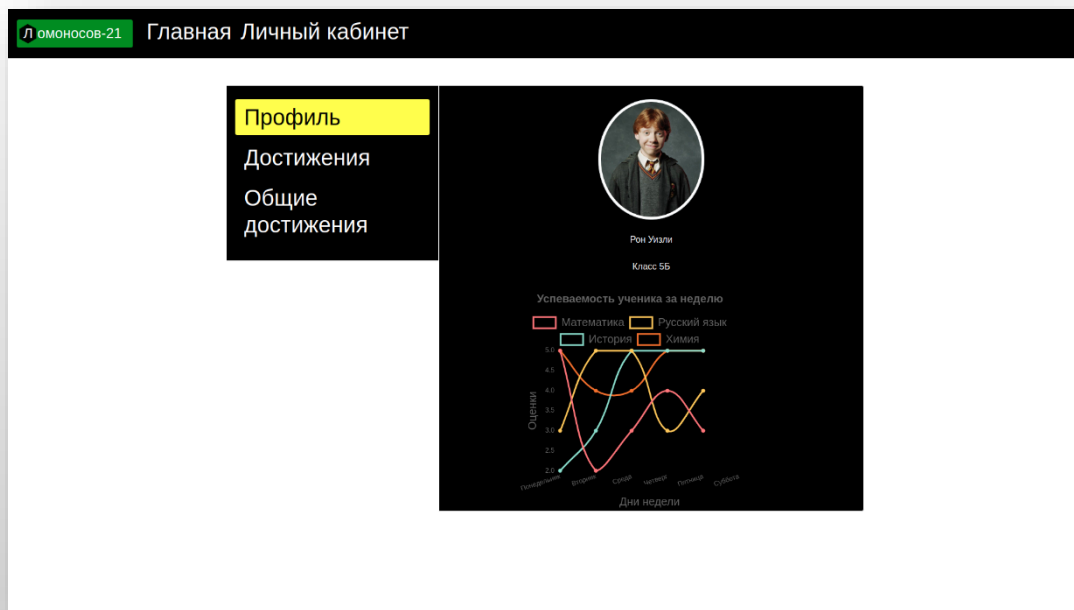

# What's done

- Adaptive tr

# What's done

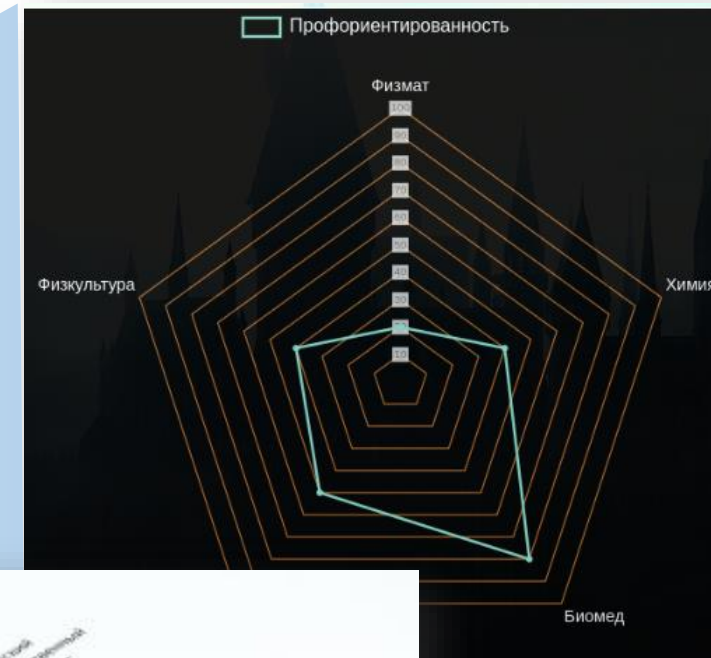

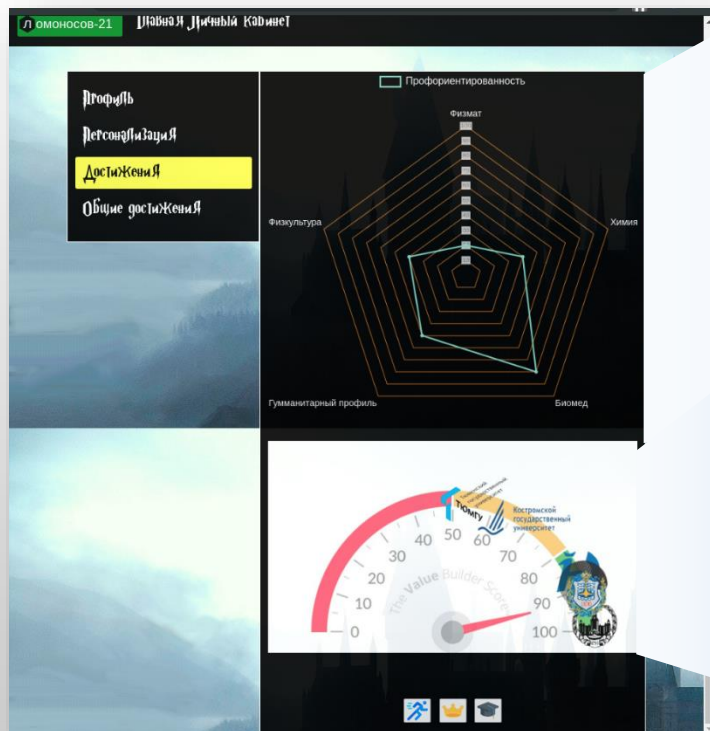

- Individual motivation. Allow page customization and skins for pupils with greater progress

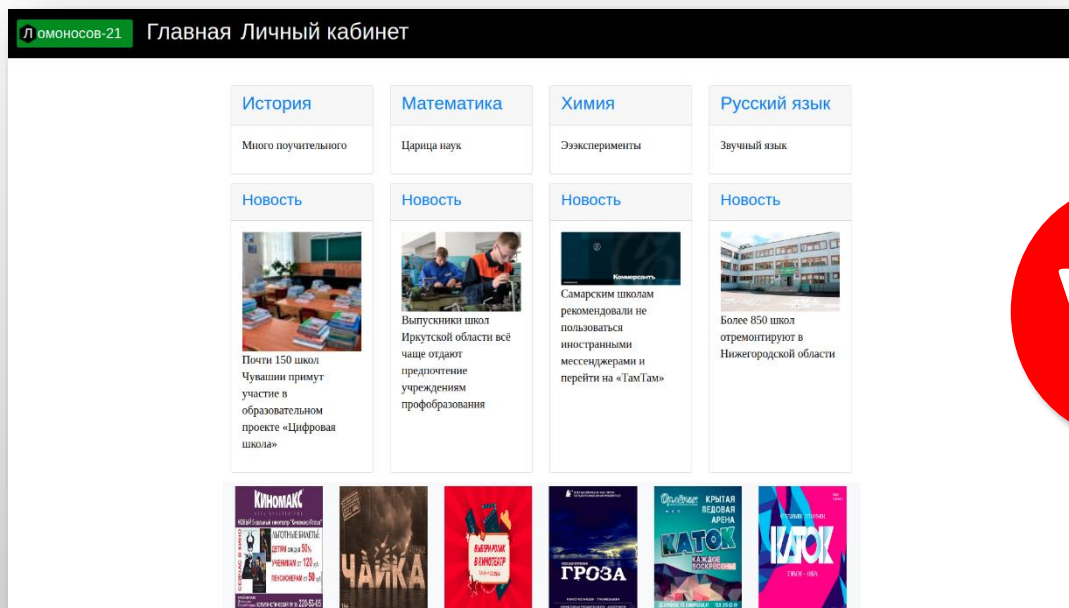

# What's done

- Individual motivation.  
Game-like stats.

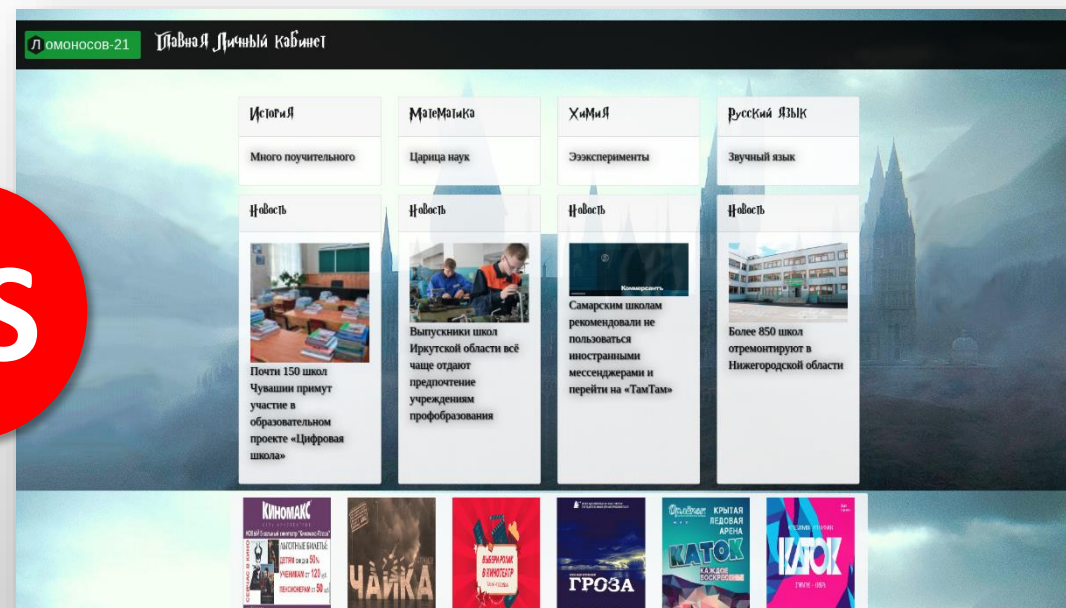

# What's done

- Individual motivation. Allow customization for pupils with greater progress

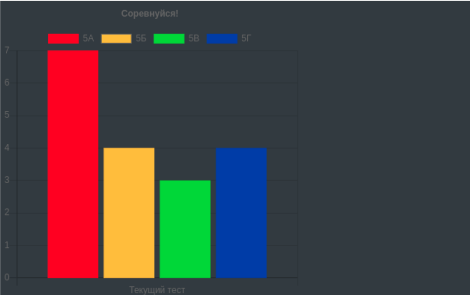

VS

# What's done

- Teamwork motivation by competing between «clans».
